

The second English exam

Level: 1st year

School year: 2024-2025

Duration : 1hr30mn

Hi! I am Selma. I am 12 years old. I am a middle school student. Every morning, I wake up at 6:30 am and start my day with a big stretch! After I get out of bed, I brush my teeth and wash my face to feel fresh, active and ready. Then, I have breakfast sometimes cereal, sometimes toast, and always a glass of juice. After breakfast, it is time for school! I put on my backpack and head to class. At school, I learn new things like math, science and reading. I also get to play with my friends during the break: we run, jump and have so much fun. Two days a week I stay after school for art club. When school is over, I go home and do my homework on the school's website. After that, I enjoy some free time maybe I play with my toys, read a book, or watch my favorite show. In the evening, I have dinner with my family and we talk about our day. Before bed, I take a bath and get into my pajamas. I like to listen to a bedtime story or hear a lullaby as I fall asleep, ready for another exciting day. On Sundays, I usually play basketball with my friends. In the afternoon, I visit my grandmother in the countryside.
